WILLIAM CALDA

Rizal, PH | williamcalda-portfolio.netlify.app

+639-48-730-4413 | williamncalda@gmail.com

A passionate coder with hands-on experience in the Microsoft Power Platform, Next.js, React.js, and Tailwind CSS. Alongside my software development skills, I have a strong background in hardware, network management, and IT systems. I thrive on creating innovative solutions and enjoy tackling challenges that make a real impact.

EXPERIENCE

IT STAFF II

RYS Property Holdings, Inc. | Cubao, Quezon City

DECEMBER 2022 – JANUARY 2025

- Designed and developed multiple in-house and corporate web applications to streamline business processes and improve efficiency.
- Incorporated third-party hardware (**ZKTeco Biometrics**) with:
    - Cloud Databases (Dataverse)
    - On-Premises Databases (SQL Server)
- Managed and maintained IT hardware, software, and network equipment for the organization.
- Configured and deployed **Fortinet Firewalls** and **Synology Drive** for secure and efficient network storage solutions.
- Set up and configured networks and computers for satellite and new office locations.
- Extensive experience in managing **Office 365** environments, including:
    - Domain integration and configuration.
    - Security Groups and Distribution List management.
    - Email flow and rule setup using Microsoft Exchange.
- Automated critical tasks using **Power Automate**, such as integrating daily attendance records (from ZKTeco Biometrics) directly into the payroll system database.
- Created monthly assessment reports detailing hardware, software, and network performance improvements.
- Advanced knowledge of **Fortinet Firewall** and **Synology Network Storage**.
